REPORT on FATE of RE-EXPORTS of SEIZED ILLEGAL IMPORTS of WASTE from the USA to INDONESIA

October 28, 2019

Background

Hundreds of containers have arrived in Indonesia from the US and other developed countries carrying wastes. Some of these have been seized as illegal and improper due to the fact that they contained plastic wastes and hazardous waste contaminants in the "paper scrap". In a press release on September 19, 2019, the government elaborated on these illegal shipments and how they would now return these containers to their "countries of origin."

However, Nexus3 an Indonesian NGO monitoring the situation, received the container numbers of 70 of the returned shipments from a reliable source. Using shipment tracking techniques, Basel Action Network (BAN), a global waste trade watchdog group, discovered that many of the shipments, rather than being returned to their countries of origin were diverted to other countries. 58 of these containers came from the United States with 25 of the containers shipped by the Cosco Shipping Line, 13 by the Maersk Shipping Line, and 20 more by the Hyundai Line.

BAN discovered that of the 58 containers that were meant to be returned to the United States, 38 containers were diverted to India, three to South Korea, and one container each to Thailand, Vietnam, Mexico, the Netherlands, and Canada. Only 12 of the 58 were actually returned to the United States as promised by the Indonesian government.

Fig 1.
Diagram of 58 containers exported from the US to Indonesia

Containers sent to India

In all, 38 containers of contaminated waste were diverted by Indonesian authorities to India instead of to the US.

15 containers were shipped on the Cosco Shipping Line from the Pacific Container Terminal in Long Beach, California, United States.

10 containers left the SA Marine T-30 Terminal in Seattle, Washington, United States in May of 2019.

These arrived in at the PT. Terminal Teluk Lamong, Surabaya, Jawa Timur, Indonesia on June 27, 2019, (containers coming from Long Beach, CA) and August 2, 2019, (containers coming from Seattle, WA).

The contents were stated to be mixed paper and going to a paper mill called PT. Mega Surya Eratama; however, the containers were seized at the PT. Terminal Teluk Lamong, Surabaya, Jawa Timur, Indonesia because the contents were found to be mixed with plastic and hazardous wastes.

These containers were supposed to be shipped back to their country of origin (USA) but instead arrived in Adani, Mundra, Gujarat, India on September 6, 2019.

In addition, there were another 13 containers that were shipped from the United States (specific United States ports could not be identified) on the Maersk Shipping Line and arrived at the PT. Terminal Teluk Lamong, Surabaya, Jawa Timur, Indonesia on July 28, 2019.

The contents were also said to be mixed paper going to a paper mill called PT. Mega Surya Eratama, but were turned away at the PT. Terminal Teluk Lamong, Surabaya, Jawa Timur, Indonesia because the contents were found to be mixed with plastic and hazardous wastes.

The containers were supposed to be shipped back to their country of origin (USA) but instead arrived at Gateway Terminals India APMT Jawaharlal Nehru, Maharashtra, India on August 24, 2019 and then was taken by a truck to their final location of Kanpur Concor CFS, Kanpur, Uttar Pradesh, India on September 14, 2019.

Other Returning Containers Sent to the United States, South Korea, Thailand, Vietnam, Mexico, the Netherlands, and Canada

Another 20 containers, originally shipped from the US, were returned with only 12 actually arriving.

These containers were shipped on the Hyundai Merchant Marine Shipping Line and arrived at the PT. Terminal Teluk Lamong, Surabaya, Jawa Timur, Indonesia on July 30, 2019.

The contents were stated to be mixed paper and going to a paper mill called PT. Surabaya Mekabox; however, the containers were turned away at the PT. Terminal Teluk Lamong, Surabaya, Jawa Timur, Indonesia because the contents were found to be mixed with plastic waste.

The containers returned to the US are:
- 5 landed in Long Beach, CA, USA in early October 2019;
- 3 arrived in New York, NY in late September-early October 2019;
- 2 arrived in Oakland, CA, USA in late September-early October 2019;
- 1 arrived in Redlands, CA, USA on October 4, 2019; and
- 1 arrived in Colombus, OH, USA on October 20, 2019.

The containers were supposed to be shipped back to the US, but instead:
- 1 container arrived in Lat Krabang, Thailand on August 11, 2019;
- 1 landed in Ho Chi Minh City, Vietnam in early September 2019;
- 3 landed in Incheon, Korea in early September 2019;
- 1 arrived in Manzanillo, Mexico on October 5, 2019;
- 1 arrived in Rotterdam, Netherlands on October 15, 2019; and
- 1 arrived in Richmond, BC, Canada on October 19, 2019.
