

Scorecard: Shipping Companies & Plastic Pollution

Shipping Companies have contributed to the global plastic pollution crisis through shipments of plastic waste exported from rich countries to countries with inadequate waste systems, lax environmental regulations and poor worker protections. We're asking them to stop this unethical practice because it harms people and ecosystems and violates their corporate pledges to protect the ocean.

Company, HQ Location (Ranked by volume)	Global Policy to Not Ship Plastic Waste (PW)	Country Policies - No PW Shipments to:	Reports of Illegal Waste Trade Shipments
<u>Hapag-Lloyd, Germany</u>	None	<u>China</u>	
<u>CMA CMG, France</u>	None	<u>China, Taiwan</u>	
<u>Maersk, Denmark</u>	None	<u>China, Hong Kong</u>	• <u>2019: Indonesia</u>
<u>Evergreen Marine, Taiwan</u>	None	None	
<u>Hamburg SUD, Germany</u>	None	<u>China, Hong Kong</u>	
<u>MSC, Switzerland-Italy</u>	None	<u>China, Hong Kong</u>	
<u>Orient Shipping, Jordan</u>	None	None	
<u>COSCO, China</u>	None	None	• <u>2019: Indonesia</u>
